**Serge Grzybowski, Real Estate Director at Groupe ADP** said:

*"The opening in 2013 of the Aéroville shopping mall at Paris-Charles de Gaulle Airport created new momentum for the land surrounding the airport, of which Groupe ADP is the owner and developer.*

*The upcoming arrival of this Volkswagen flagship, next to the Audi dealership, will contribute to the establishment of a hub for car sales and to the diversification of the service offering at Aéroville, which we intend to develop further over the coming years. "*

**Pierre Jallu-Berthier, President of Jallu-Berthier Group** representing 24 vehicle distribution sites to the north of Paris, added:

*"The opening in autumn 2018 of our eighth Volkswagen and Volkswagen Utility Vehicles brands distribution centre in northern Paris represents a genuine opportunity for us to enhance our relationships with individual customers, with taxi companies and with other corporate clients. This dealership will have the great advantage of being located at the heart of one of the largest transport and business hubs in Europe. "*

This vehicle dealership will offer a **vast number of innovative services**, both in terms of opening hours and Express maintenance services: 60-min service for cars and 90-min service for utility vehicles. A comprehensive maintenance and valet service will be offered to customers who commit to a long-term lease or who have a Volkswagen maintenance contract.

Rapid charging stations will be available for plug-in hybrid and electric vehicles, reflecting the future of automobiles through the new Jallu-Berthier Group motto: *"Your mobility Our commitment"*.

Lastly, a car body shop service will also be available thanks to its proximity to the site at Villaines-sous-Bois.
