ROAD ACCESS: A FEW TIPS TO SAVE TIME

Paris Aéroport, is joining forces with the **Préfecture de Police** to make it easier to get to the airport, especially on the Avenue de l'aéroport **thanks to a dynamic management of alternative routes.**

Follow this advice and choose BIS and TER options.

◆ Let's join hands to make it easier to get to the airport!

- In order to ensure easy access and avoid nasty surprises, **here are a few useful reminders:**
 - **The Drop-off Area is free for the first 10 minutes.** A fee will be charged after 10 minutes to deter misuse of this service.
 - **If you are coming to pick up a passenger at Arrivals at Paris-Orly**, the first 10 minutes are free at all car parks. Two car parks are especially intended for this purpose:
 - **P2 for the West Terminal**
 - **P6 for the South Terminal.**

◆ Save time by booking your parking space online!

- **Reserve online** at www.parisaeroport.fr or on the Paris Aéroport application to save time and **receive competitive offers.**
- **If, due to exceptionally heavy traffic or high numbers of bookings, you can't access the car park in your reservation:**
 - You will be redirected to the nearest car park.
 - Present your entry ticket to exit the car park and a commercial measure will apply so that parking doesn't lead to any additional charges.

**OUR ADVICE FOR
ON-TIME TAKEOFF**

**AT PARIS-ORLY
AND PARIS-CHARLES DE GAULLE**

/ ON-TIME TAKEOFF

HELPING YOU MANAGE YOUR TIME

In the context of **stricter security controls**, we recommend **taking into account how long it takes to go through security** so that you can arrive at the boarding gate on time.

Save time, **check in online** on your airline's website.

Do you **need assistance**? **Notify** your airline or travel agent that you **need** assistance for disabled or reduced mobility passengers when you make your reservation or **48 hours before your departure date at the latest**.

Are you travelling outside of the Schengen Zone and hold a French, Belgian, German or Luxembourger biometric* passport? You **qualify for PARAFE** (automated border control). This service will help you save precious time.

Is your child travelling as an unaccompanied minor?

They must have with them:

- a valid identification document (ID card or passport depending on the destination) and a visa if required by the destination country (www.diplomatie.gouv.fr)
- an original Cerfa form for Authorisation to Leave the Country signed by one of the parents with parental authority. [Download the form here](#)
- a photocopy of the ID card or passport (valid or expired for less than 5 years) of the parent who signed the form.

***If the word "passport" on the cover is underlined, your passport is biometric.**

/ AUTOMATED BORDER CONTROL

SINCE 22 JUNE 2018, PARAFE E-GATES ARE INTEGRATING FACIAL RECOGNITION TECHNOLOGY

In coordination with the Police at Borders

Summer season 2018 will be dedicated to an adoption period by the the border control authority and passengers.

In collaboration with French Ministry of Interior and Gemalto, Groupe ADP has already installed 78 Parafe e-gates at Paris airports :

- 63 at Paris-Charles de Gaulle Airport
- 15 at Paris-Orly Airport

Groupe ADP will increase the number of e-gates to 95 before Autumn 2018. From Autumn 2018, facial recognition will be fully integrated to all Parafe e-gates.

How to use facial recognition ?

1. Go to the e-gate (green light).
2. Place your passport face down on the reader.
3. Remove your passport when instructed, doors slide open automatically.
4. Step forward into the gate and place your feet on the markings on the floor.
5. Look straight at the camera in front of you.
6. Stand still until you see a green light. Exit the gate when instructed to do so.

Including 46 gates integrating facial recognition :

- 21 at Paris-Charles de Gaulle Airport
- 15 at Paris-Orly Airport

Facial recognition technology:

- Faster passenger processing (10 to 15 sec)
- 45% of eligible passengers

Eligibility:

- Legal age (+18)
- Holding a biometric passport (if the word « passport » on the cover is underlined, your passport is biometric).
- Citizens from one of the 28 EU countries, or from Switzerland, Iceland, Liechtenstein, and Norway.

UNATTENDED LUGGAGE CAUSES DELAYS AND VACATIONS THAT GET OFF TO A BAD START

In the event of an **abandoned piece of luggage** the area is cordoned off while authorities assess it and deem whether or not it is safe. This can temporarily **block road access** or even access to **boarding gates**.

**/ Always keep an eye on your possessions.
Don't be careless!**

**/ If your bag does not comply with your
airline's luggage policy, don't abandon it!**

More than 1,000 unattended luggage procedures were carried out in 2017 at Paris-Charles de Gaulle Airport.

This caused more than 400 flights to be delayed by an average of 53 minutes,

These mistakes result in serious consequences for airlines and passengers.

BAGAGE ABANDONNÉ : IL N'EST PAS LE SEUL À ÊTRE ÉNERVÉ.

**UNATTENDED LUGGAGE:
NOT THE ONLY ONE TO GET ANGRY.**
行李被遗弃：并非只有行李会感到恼火。

TENSIONS, RETARDS, PERTURBATIONS,
UN BAGAGE ABANDONNÉ, C'EST 2000 VOYAGEURS RETARDÉS.

PRESSURE, DELAYS, DISRUPTIONS, A SINGLE UNATTENDED BAG MEANS 2,000 PASSENGERS DELAYED.
气氛紧张、航班延误、交通受阻：遗弃行李，意味着 2000 名旅客的行程受到延误。
